

Coffee machine

CM8478G

General description

CM8478G
Product group: Coffee Machine
Installation: Built-in
Range: Elements

Construction & Performance

- Milk container capacity: 500 ml
- Two heating elements
- Drip tray volume: 1 l
- Ground coffee container
- Water container capacity: 2,4 l
- Hot water tap
- Pump pressure: 15 bar
- Steam pressure: 15 mbar
- Number of pumps: 1
- Pump power: 50 W
- Coffee heater power: 1200 W
- Steam heating power: 999 W
- Brewing / steam heating time: 2 min

Use & flexibility

- Adjustable grinding level
- Height adjustable coffee outlet
- Storage compartment
- Rail system
- Pregrind
- Pre-brewing system
- Number of cups at the same time: 1
- Coffee, steam and water temperature adjustment
- Number of temperature settings: 4
- Tea brewing
- Lighting: LED
- Number of lights: 4

Interaction & Control
