

T611HX.W

General description

T611HX.W

Style

Installation: Freestanding

Drying capacity: 1-11 kg

Number of programmes: 18

Energy class: A++

Type of dryer: Heat pump dryer

Type of display: LCD display

Anticrease

Main colour: White

Construction & Performance

Long lasting stainless steel drum

Durable brushless motor

Heat pump

Sensor and time controlled drying

Drum volume: 145 l

Butterfly drying system

Use & flexibility

Volume of container for condensed water: 3,5 l

Yes, Asko double lint filter

Door diameter: 34 cm

Anticrease

Time setting

Humidity sensor

Steam function

Automatic condenser filter cleaning

Drum illumination: Yes

Interaction & Control

Delayed start

Remaining time indication

Type of display: LCD display

End of programme sound signal

Program memory

Programs

18 programmes

Auto dry

Auto iron dry - auto programme with some remaining moisture

Auto terry - for towels and bathrobes

Design & integration

Door opening: Reversible door opening

Adjustable feet: 15 mm

Yes

Loading position: Front

Safety & Maintenance

Overheat protection

Thermal and electronic protection against overheating

Technical data

Noise level: 65 dB(A)re 1 pW

Power consumption in standby mode: 0,8 W

Power consumption in off mode: 0,25 W

Estimated annual energy consumption: 259,7 kWh

Energy class: A++

Grounded plug

Plug type SHUKO

Connected load: 2000 W

Voltage (V): 220-240 V

Number of phases: 1

Fuse: 10 amp

Frequency: 50 Hz

Net weight: 61 kg

ISO 14001

Dimensions

Product dimensions (HxWxD): 85 × 59,5 × 76,9 cm

Depth with door open: 1165 mm

Length electrical cord: 2,1 m

Logistic information

Auto jeans - good for jeans and garment with thick seams
Auto normal dry - for thicker, non-sensitive cotton fabrics
Auto down - for down pillows, down jackets and other materials with down
Auto synthetic - for synthetics and other sensitive fabrics
